Indeed, Marine Le Pen (Leader of RN, National rallye) is the winner of this parliamentary election, because she manages to obtain 90 seats, without having any alliance with any other group or political party (Not even with the party "Reconquest" of Eric Zemmour who is on the far right). She thus obtains, with her RN party, the strongest and most representative opposition group in the National Assembly, for the moment, and this since 1986. Her "low profile" has seemed to pay off at least for the 2nd lap of legislative

THE WINNER IS MARINE LE PEN WITH HIS PARTY BY OBTAINING A STRONG GROUP AT THE NATIONAL ASSEMBLY WITH 90 DEPUTIES

Marine le Pen was elected in the North, with 61% in the North constituency, facing A Henin Beaumont, with , facing NUPES, the RN group, is the 1st far-right party, which will be the largest National Assembly group, for now, and Marine le Pen has announced. With a very high abstention rate of 52%, the French people expressed themselves in a "proportional" way, with score rates, which represent the French people

WE WILL EMBODY A FIRM BUT RESPONSIBLE AND RESPECTFUL OPPOSITION OF INSTITUTIONS DECLARED MARINE LE PEN

"The people spoke by overcoming the obstacle of an unfair and unsuitable voting system. he decided to send a very powerful parliamentary group of Rassemblement national deputies to the Assembly, which thus becomes a little more national. This group will be by far the largest in the history of our political family. We have achieved our objectives: to make Emmanuel Macron a minority president, to continue the political recomposition and finally to form a decisive opposition group. We will embody a firm but responsible opposition, that is to say respectful of the institutions. »

I address my gratitude to our voters achieved our 3 goals fare of Macron, minority with control and exercise of power without control, and in particular elements of globalism. This new parliamentary group will be keen to associate all elected officials and political movements who wish to redress the country, to the RN and who care about the public good, and to express your ideas on immigration, mistreated citizens, and or democracy flouted" She adds, speaking of a national republican group with a concern for the public good, referring to "The net collapse of France every day". Marine Le Pen adds "The new faces resonate with enthusiasm and life in the avant-garde in the face of a surprised Macron. "In this fraternal and exhilarating adventure that we will lead for them and for their children".../

It is a huge shift that the National Assembly is making, whose governance will be complicated, as it is configured and promises heated and heckled debates by very strong opposition groups... This will nevertheless allow a better "breathing democratic" necessary through debates based on the adversarial principle and better representation of the population. Indeed, in France the principle of the proportional election had been promised by the pressers of the Republic who have succeeded since descents, including the current Macron, but never before dared to apply it. From now on, it is done, the French people, have abrogated themselves of this democratic value very representative of the distribution of the divergent opinions of the French, by having the three blocs elected: Center (Right + Left + Centrists) Extreme Left, Extreme , by their votes cast in the second round of the parliamentary election.

Marine Le Pen is probably the winner of this race, starting smoothly the election with only 10% in the 1st lap, ending up with 100% of

her candidates, winning their election. It is a one of a kind for the RN party usually called "Far right" that could be labeled differently, and called "A new Right", because obtaining 90 seats makes Marine Le Pen institutionalized in Parliament French and freed him from the label "Diabolical political party", often associated with the FN (National Front of so here Jean Marie Le Pen). She promises a "firm opposition without collusion and hard work pays off," she said. As for his new President of the RN Party, Jordan Bardella, he declared "The French people are between this evening at the National Assembly".
